WEDNESDAY - FEBRUARY 24, 1960

123 HEAD SELL

SCOTTSBLUFF, NEBRASKA

Everything You'd Expect . . . And a Little Extra, Too

Sale will be held in the modern Morrison Livestock Commission Company Sale Pavilion at Scottsbluff, Nebraska.

Paul Kurtz has sold his irrigated farm and pasture land, making this large dispersion necessary. Although he purchased his first registered Shorthorns in 1944, the actual foundation of the present herd traces to 14 females that were sold in the record-making John Metzger Shorthorn Dispersion Sale at Denver, Colorado, January 18, 1950.

**2 HERD BULLS** - L T Cavalier 3d by Louada Cavalier by Calrossie Armada. His dam, a granddaughter of the International grand champion, N-Bar Prince. His first calves will be here by sale day. Whitehall Brilarwood, also a coming three-year-old and he is by Burnton Everlasting and out of a dam by Drynle Roger. You'll see his first calves that will be on the ground by sale day.

**28 YEARLING BULLS** - 5 of these are coming two-year-olds, including 3 solid red sons of R S Royal Rothes News 2d by the \$10,000 Camson Better News; a son each of the \$2,000 Dunrovin Archer, the Iowa Royal Champion, and of M R Max Juggler by Iowa State Fair Grand Champion, C B Gold Max 7th. Twenty-three early spring bull calves, all sons of R S Royal Rothes News 2d. He is out of Femco Rothes Fay 2d by Femco Metaphor. We could have picked a carload of junior bull calves out of this group that we consider would have been far superior to our grand champion load of bulls at Denver a year ago.

**60 COWS AND BRED HEIFERS** - 25 of these will have calves at foot by sale date. There are 10 daughters of Lake Alice Control and 4 by Loch-In-Vale Parader, the top-selling bull in the Metzger Dispersion sale. Twenty daughters of Imp. Mill-hills Excellent who sired 2 top-selling bulls at Denver. Five daughters of Bapton Quality by the Perth reserve champion, Pittodrie Financier. Included are the dams of our 1959 Denver carload of champion bulls, the dam of the 1956 high-selling bull at Denver, a daughter of the \$5,000 1946 Chicago Congress Sale top female, Augusta Cosmea 2d and a daughter of the Perth 1st prize winner, Cluny Augusta 96th that topped the Metzger Dispersion sale at \$2,700.

**10 OPEN HEIFERS** - All dark red, good-headed, short-legged daughters of R S Royal Rothes News 2d that sired the reserve grand champion bull of the 1959 Wyo-Braska Show and Sale.

Here's a 100% working herd, selling fully guaranteed. You'll see the influence of some of the breed's greatest sires. The entire offering is loaded with attractions.

## GENERAL INFORMATION

**LOCATION** — The sale will be held in the modern Morrison Livestock Commission Company Sale Pavilion in Scottsbluff, Nebraska. The Lincoln Hotel in Scottsbluff will be sale headquarters.

**HEALTH** — T.B. and Bangs tests will be furnished on every animal sold. Every lot will comply with the health regulations into any state which they may go.

**TERMS** — The terms of the sale are cash. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off.

**GUARANTEE** — All cattle will be sold under the guarantee of the American Shorthorn Breeders' Association which appears in the back of this book.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. Neither the sale manager nor the clerk of the sale assumes any liability, legal or otherwise.

A certificate of registry and a signed transfer will be furnished for each lot sold and an application for registry will be furnished for each unborn calf sold in dam.

Where footnotes appear in this catalog, they were furnished by the consignors or written from information supplied by the consignors.

All persons who attend this sale do so at their own risk and the Association assumes no liability, legal or otherwise, for any accidents that may occur.

**BIDS** — Those wishing to buy, who cannot be present, may send their bids to:

## FROM THE OWNER . . .

Having sold our Lake Alice farm and acquired a new, smaller location near Minatare, Nebr., that is not equipped with buildings, etc. to handle registered cattle, we came to the regrettable decision of selling our registered Shorthorn herd.

I think everyone who knows me will realize that this was not an easy decision to make. The cattle we purchased in the Metzger Dispersion Sale, plus the fine group of females we later acquired from the Turecek herd that was also developed strictly with Metzger purchases, have given us a great producing cow herd. We have been fortunate in using a good number of high quality breeding bulls.

We've had more than our share of good fortune in showing and selling cattle at Denver and at the regular Wyo-Braska Shows and Sales. A year ago at Denver, we showed a carload of junior bull calves for the first time and we were awarded the show's grand championship.

The present breeding herd is in 100% working order and we feel that the young bulls and females we are selling, sired by R'S ROYAL ROTHS NEWS 2d, are certainly some of the best cattle we have ever produced.

We here at Lake Alice Shorthorn Farm, extend to you a special invitation to be our guest and inspect the cattle to be offered in our dispersion sale on Wednesday, February 24, 1960. We hope you can come early and look over the herd before the sale starts.

PAUL KURTZ, Owner

## FROM THE SALE MANAGER . . .

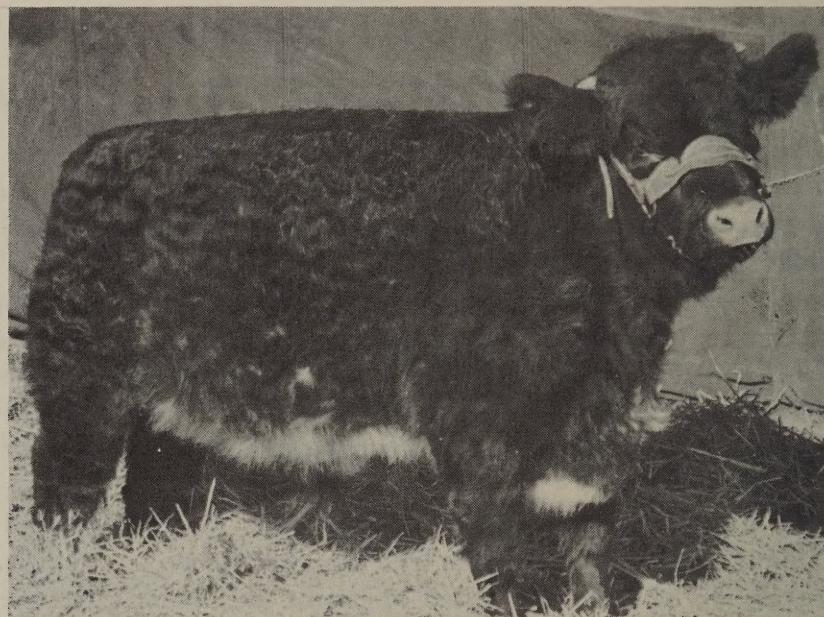

Lake Alice Shorthorns have certainly made a mighty fine record for Paul Kurtz at major livestock events in the Midwest during the past several years. This is not just an accident, because the herd is backed by potent blood lines and animals of outstanding individuality and quality. Paul Kurtz is a good cowman, himself, and is a student of both pedigree and breeding technology.

He has sold top sellers at Denver, at Western Association sales, and at the annual Wyo-Braska sales. Certainly, a wonderful triumph was the winning of the carload championship at Denver a year ago.

As to the offering itself, I think it will measure up well to anything that has been said about it. These are cattle that can make a great contribution to the Shorthorn breed, and your herd can be better through the use of some of them.

MERVIN F. AEGERTER,  
Sale Manager

# PAUL KURTZ COMPLETE DISPERSION SALE

**LOCH-IN-VALE PARADER** — This was the top-selling calf in the Metzger Dispersion Sale in Denver when he sold at 10 months of age for \$1200 to Joseph K. Turecek & Sons, Byers, Colo. His sire sold for \$1225 in the same sale to Art Arens of Hartington, Nebr. Paul Kurtz paid \$1000 for the dam of this bull in the Metzger sale. She had at foot, at that time, a full brother to Loch-In-Vale Parader which was later named Lake Alice Control, and there are 10 daughters of this bull selling in this sale, along with 4 daughters of Loch-In-Vale Parader that Paul Kurtz acquired when he purchased the entire Turecek herd. This has been potent breeding, and in the 1960 National Western Sale at Denver, John Shuman sold the champion female, Colomeadow Cluny Augusta, for \$1000, and she was out of a daughter of Cluny Augusta 92d. Joseph K. Turecek topped the Metzger sale when he paid \$2700 for Cluny Augusta 92d. A daughter sells as Lot 31.

**LAKE ALICE CONTROL** — This is a bull we bought in dam at the John Metzger Dispersion sale. He's a full brother to Loch-In-Vale Parader. He was a very good breeding bull, producing top cattle of both sexes. We have retained 10 of his best daughters to sell in this sale. You will like these good-headed, typy cows that have size and excellent conformation, with good milking qualities.

MILLHILLS EXCELLENT -- This grand old imported bull has certainly been a breed improver throughout his long life. He was a sure breeder until past 11 years of age. He produced high selling bulls at the Denver Stock Show sale two different years. The only time we showed his offspring at the Wyoming State Fair, we had grand champion bull, reserve champion bull and grand champion female. He was owned in partnership with Earl Michael and he improved both herds to a great extent. There are 20 of his daughters in this sale.

A good portion of our champion carload of bulls were by him. The same year, four of his yearling bulls averaged \$764 at the Wyo-Braska Sale where one was reserve champion going to Sandy Cross and outselling the champion. We'll have 5 of his daughters in this sale, heifer mates to the carload of bulls.

Part of our 1959 champion carload of bulls at the Denver Stock Show were by him. We will have over 20 bulls by him in this sale, and 16 heifers. His get and services will be featured in our 1960 calf crop. We consider him one of the best, if not the best, breeding bulls we have ever owned. DUNROVIN BANKER - Bought as a calf in the Chet Gregg dispersion sale. His sire was an Iowa Royal grand champion where he was purchased by Mr. Gregg. He made a great breeding record and brought \$2,000 at the Gregg dispersion sale. His dam, Augusta 147th, has been a great producer of bulls. One bull we bought in 1955 was made grand champion bull at the 1956 spring sale at the Western Shorthorn Sale and Show. He was bought by Phil Miller and used very successfully. Another bull by her sold to Herman Tomky as a herd bull. We expect to use Dunrovin Banker as a junior herd bull this year. He has the conformation and time-proven breeding that should make a great herd sire.

PRINCESS AUGUSTA — This John Metzger bred cow is as good as her pedigree. Her dam, Cluny Augusta 92d, won her class in the Perth Scotland show and sale where she was bought by Sni-A-Bar Farms. John Metzger gave \$3,200 for her as a heifer. We gave \$1,000 for Princess Augusta as an open heifer and feel it has been a very good investment. Her 1958 bull calf was bought by Carnahan Bros. at \$700 when about a year old. Her 1959 calf which sells as Lot 11 in this sale, is one of the best of our 1959 calves. She should calve by sale day to the services of Whitehall Briarwood.

AUGUSTA COSMEA 3d - A daughter of E & M Control, the great breeding son of Sni-A-Bar Control. He was used with great success by John Metzger. Her dam, Augusta Cosmea 2d, was imported by Sni-A-Bar Farms and later sold to Mr. Metzger for \$5,000. Augusta Cosmea 3d has been a great breeding cow for us. She had her first calf at 10 months of age and has not missed a year since. We have four of her females in the herd, three full sisters by Millhills Excellent. One of these, a Wyoming State Fair champion, has a bull calf at foot now by R S Royal Rothes News 2d and is bred back to L T Cavalier. Her 1959 bull calf sells as Lot 27.

# PAUL KURTZ COMPLETE DISPERSION SALE

## Standard Guarantee of the American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
